International Roaming Warning

Warning: International Roaming is available to credit approved customers on request. International Roaming is very expensive for all types of calls, messaging and data. If you are concerned about the cost of International Roaming, you should not enable this service and should enquire about a local service in the country you are travelling in. Customers who use International Roaming should be particularly careful about data roaming costs. Unless required, you should ensure data roaming is not enabled on your handset or device. International Roaming call charges normally take much longer to appear on your account. You should carefully monitor your usage to avoid high bills.

Premium Services Warning

Warning: Premium Services by their nature are expensive. You should carefully read the terms and conditions of any Premium Services you use, in particular the terms and conditions of any subscription based Premium SMS Services. You can stop specific Premium SMS Services by sending a SMS reply with the word "STOP". You can bar access to all Premium Services at any time by contacting CMOBILE customer care.
